Equality means treating everyone with fairness and respect and recognising the needs of individuals. It is about addressing existing disadvantages affecting how different people participate in society.

Diversity is about recognising, valuing and taking account of people's different backgrounds, knowledge, skills, needs and experiences, and encouraging and using those differences to create a cohesive community and effective workforce.

Equal Opportunities is the development of practices that promote the possibility of fair and equal chances for all to develop their full potential in all aspects of life and removal of barriers of discrimination and oppression experienced by certain groups.
